

**REMARKS**

A Notice of Appeal has been previously filed in the captioned application. Appellant respectfully requests entry of the amendments proposed herein. The proposed amendments clarify that the capture reagent referred to in claims 85 and 90-92 is the calibration capture reagent that is present in the calibration zone. Accordingly, Appellants submit that the proposed amendments present the rejected claims in better form for consideration on appeal and request entry of the Amendment.

Please charge any additional fees required by this Amendment to Deposit Account No. 04-1403.

Respectfully requested,

DORITY & MANNING, P.A.
